

Dynamics 365 Cost Guide

Pricing Benchmarks, Licensing Models & ROI for UK & Europe

1. Executive Overview

Implementing an Enterprise Resource Planning (ERP) or Customer Relationship Management (CRM) system is a strategic investment. Microsoft Dynamics 365 stands out as the premier modular cloud platform unifying finance, operations, supply chain, and sales. This guide outlines licensing fees, standard implementation costs, and the major cost-reduction opportunities provided by Aplica Technology's unique hybrid consulting model combining onsite architects in Europe/UK with an expert delivery team in Bengaluru, India.

2. Microsoft Dynamics 365 Licensing Fees (2026 Benchmarks)

Licensing is purchased on a per-user, per-month subscription model. The core licensing options for mid-market and enterprise operations include:

- **D365 Business Central Essentials:** GBP 57.50 / EUR 67.40 per user/month. Full capabilities for financial management, purchasing, sales, inventory, and project management.
- **D365 Business Central Premium:** GBP 82.20 / EUR 96.30 per user/month. Includes all Essentials features plus Service Order Management and Manufacturing/MRP modules.
- **D365 Finance (Enterprise):** GBP 147.90 / EUR 173.20 per user/month (Base). High-volume, multi-entity group consolidations, advanced credit control, and predictive financial forecasting.
- **D365 Supply Chain Management:** GBP 147.90 / EUR 173.20 per user/month (Base). Advanced warehouse management (WMS), production planning/MRP, asset maintenance, and IoT intelligence.
- **D365 Sales / Customer Service (CRM):** GBP 78.10 / EUR 91.40 per user/month (Enterprise). Advanced pipeline management, AI-driven lead scoring, and omni-channel support.

3. Implementation Services & Delivery Cost Benchmarks

Typical software implementation costs depend on complexity, entity count, custom integrations, and data readiness. The following table reflects typical standard projects:

- **SMB Dynamics 365 Business Central Fast Track:** 100-Day fixed-scope implementation, standard out-of-the-box features: GBP 40,000 - GBP 60,000 (EUR 47,000 - EUR 70,000).
- **Mid-Market D365 Finance & Supply Chain:** Single entity, full MRP and WMS configurations, standard integrations: GBP 120,000 - GBP 220,000 (EUR 140,000 - EUR 260,000).
- **Enterprise Global Multi-Entity Rollouts:** 10+ entities, multi-currency, custom legacy integrations, advanced logistics: GBP 400,000+ (EUR 470,000+).

4. The Aplica Offshore-Hybrid Advantage

Standard UK and European D365 consulting agencies charge onsite rates ranging from GBP 120 to GBP 180 (EUR 140 - EUR 210) per hour. Aplica Technology provides an optimized hybrid delivery model that delivers dramatic cost benefits:

- **Onsite European Architects & PMs:** Providing clear local accountability, discovery workshops, requirement validation, training, and go-live hypercare.
- **Onsite India HQ Delivery Team (Bengaluru):** 200+ certified F&O, Business Central, and Power BI engineers working in our state-of-the-art HQ delivering configuration, custom code, testing, and migration support.
- **Cost Reduction:** Our blended hourly rate averages GBP 45 - GBP 60 (EUR 52 - EUR 70) per hour, translating to a 60% to 70% direct savings on implementation services while maintaining identical delivery quality.

5. Critical Regulatory Compliance & Localisations

Aplica makes certain that your Dynamics 365 environment is fully compliant out-of-the-box. Our standard rollouts cover:

- United Kingdom: Full Making Tax Digital (MTD) compliance and automated bank reconciliations.
- European Union: Intrastat reporting, EU VAT processing, and GDPR data masking.
- GCC Region: UAE/Saudi VAT rules and compliant local payroll structures.
- India: Complete GST compliance, e-invoicing integrations, and Tax Collected at Source (TCS).
